

## Traditional Telephony Interoperability

IBeX can be integrated in nearly any traditional telephony system found in the market. The lack of interoperability has been a gating issue to growth in the IP telephony industry, we are changing that! A summary of the interoperability features:

- E&M
- E&M Wink
- Feature Group D
- FXS
- FXO
- GR-303
- Loopstart
- Groundstart
- Kewlstart
- MF and DTMF support
- Robbed-bit Signaling (RBS) Types
